SUMMARY

B.Tech Computer Science student specializing in Full Stack Development with hands-on experience in building scalable end-to-end web applications using React.js, Node.js and Express.js. Strong foundation in Data Structures & Algorithms with 300+ problems solved across coding platforms. Experienced in designing RESTful APIs, database schema design (MongoDB, MySQL) and seamless frontend-backend integration. Proficient in Git/GitHub and collaborative workflows with proven problem-solving and teamwork skills demonstrated through 15+ hackathons (4 wins).

TECHNICAL SKILLS

Languages: C++, JavaScript, Java, Python, Go

Frontend: React.js, Next.js, HTML, CSS, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, OAuth 2.0, API Integration

Databases: MongoDB, MySQL, PostgreSQL, Firebase

Cloud & DevOps: AWS, GCP, Docker, Git, GitHub, CI/CD Pipelines, Postman, Vercel, Render

Core Concepts: Data Structures & Algorithms, OOP, Operating Systems, DBMS, Computer Networks

EXPERIENCE

LivvUp – Web Developer Intern

May 2026 – Present

React.js, Go, PostgreSQL, Git, GitHub, Razorpay, Shiprocket

livvup.in

- Built and deployed the complete web platform, delivering a production-ready website with responsive UI and backend integration.
- Integrated Shiprocket for order fulfillment and delivery management, enabling smooth shipment processing, tracking and logistics.
- Implemented Razorpay payment gateway API for secure transactions, ensuring seamless checkout and payment processing for users.

Epilepto Systems – Web Developer Intern

Nov 2025 – Dec 2025

Next.js, React.js, Tailwind CSS, Firebase, Cloud Firestore, Git, GitHub

dhyanapp.epilepto.com

- Enhanced 5+ responsive frontend modules using Git branching and pull requests, improving review efficiency and team collaboration.
- Resolved 10+ UI bugs by coordinating across cross-functional teams, improving platform stability and user experience.
- Maintained code quality, version control and documentation using Git and GitHub for a reliable production platform.

Rallison Paints Pvt. Ltd. – Freelance Full Stack Developer

Aug 2025 – Oct 2025

Next.js, Firebase, Cloud Firestore

rallisonpaints.com

- Architected a business website to establish the company's digital presence and market its 25+ products with dynamic admin controls.
- Implemented secure authentication and real-time data handling via Firebase Auth and Cloud Firestore for data integrity.
- Optimized performance and SEO, boosting organic traffic by 25% and supporting 500+ real-time user interactions.

PROJECTS

Civic Issue Reporting Platform

Sep 2025 – Nov 2025

React.js, Node.js, Express.js, MongoDB, Socket.io, Google Vision AI, Google Maps API, JWT, OAuth 2.0

mericity.app

- Architected a scalable full-stack civic platform with multi-role dashboards and real-time complaint tracking via REST APIs.
- Integrated Google Vision AI, Maps API with heatmaps, real-time chat and automated smart department routing system.
- Implemented JWT, OAuth 2.0, OTP verification, rate limiting and input validation for robust API-level web security.

Legal Document Analyzer

Sep 2025 – Oct 2025

Next.js, React.js, Flask, Node.js, RESTful APIs, Google Genkit

demystify-legal-documents.vercel.app

- Engineered modular backend services with RESTful APIs and centralized error-handling to improve reliability and reduce failures.
- Optimized asynchronous request workflows to enhance backend responsiveness under concurrent load.
- Integrated a language model orchestration with structured prompt engineering to ensure consistent and production-ready AI outputs.

ACHIEVEMENTS & CERTIFICATIONS

- Patent/IPR Filed (Aug 2025): “Self-Evolving AI System Utilizing Quantum Computing” – filed with DRD; publication pending.
- Competed in 15+ hackathons, secured 4 wins at university and national levels including First Position at IEEE SSH 2024.
- Cloud Computing – NPTEL IIT Kharagpur (2025) Certification in cloud architecture, virtualization and distributed systems.
- Android Development – Techvanto Academy (Summer Training, 2025): Training in Java-based Android development and UI design.
- The Bits and Bytes of Computer Networking – Google (2024): Networking fundamentals covering TCP/IP and web protocols.
- Solved 300+ DSA problems across platforms - codolio.com/profile/yashwatts

EDUCATION

Lovely Professional University, Phagwara, Punjab

Aug 2023 – May 2027

Bachelor of Technology in Computer Science and Engineering

CGPA: 8.08/10
